

# Lutheran Community Care Building Strong Caring Communities

## February & March Prayer & Praise Points

*The prayer of a righteous person is  
powerful and effective.*

*James 5:16*

**The Counselling Services:** - **Praise** God for the compassion and skills He has given to counsellors. Give thanks for the provision of volunteers into the Community Visitors Scheme and for the kindnesses shown by volunteers to senior people in residential situations. **Pray for** God's provision for volunteers to Community Visitors Scheme. Pray for wisdom for our counsellors and relief from the constant stressful situations they encounter

### **Low income & Support Program & Emergency Relief Blair**

**Athol:** **Praise for** the opportunity to increase the number of money management workshops in 2010 due to a successful grant application; and for the overall success of the Low Income Support Program in providing information and resources to many different community service agencies across Adelaide in the past year. **Pray for** success for the Job Club in 2010, particularly for the support of employers and businesses in providing opportunities for disadvantaged members of the community to achieve employment.

**Volunteer Management:** - **Praise:** God for our amazing volunteers and their contribution to our work. Also, thank God for the work of our dedicated Volunteer Coordinators, Managers and staff who work alongside volunteers? **Pray:** That God would provide the volunteers we need for new volunteer roles in the south, and meet our current need for handyman/gardening volunteers, and mail-out volunteers. Please pray for our recruitment drive in February.

**Administration:** - **Pray for** our new young staff member Renee Lupinelli as she tackles a full time position with my Administration Team. May Administration flow smoothly now and provide better support for the staff who deal with the issues of those in need.

**The Centre for Learning:** - **Praise God** Thanks and praise for the opportunity for many LCC staff to take much-needed holidays and for returning them safely to work. Praise and huge thanks for the many volunteers involved with LCC, including the Community Visitors Scheme coordinated by Di Schneider. May their quiet service be richly blessed. **Pray for** We pray for God's guidance and wisdom as planning continues for the new-year at the Centre for Learning and throughout LCC. May He bless this work and provide support and satisfaction for all staff involved. Prayer is requested for the continuing work at Alice Springs and surrounding Indigenous communities with the Money Management Services. We pray that this work will bring blessing and new skills and understanding to all involved. May all staff be protected from harm - physical, emotional and spiritual. **"May God continue to give wisdom, strength and protection, as well as blessings, to all the LCC counsellors, as they meet and deal with a huge range of issues with their clients. God bless and comfort those people who seek LCC's help for a range of reasons - may they receive His amazing healing and peace."**
